

alabus associations

... organises the practical work along all the processes concerning members, clubs, and association-relevant contacts and partners.

... is "best practice" in one solution for associations (incl. umbrella associations), clubs and non-profit organisations.

... makes the processes simple, transparent and retraceable.

... leads to increased efficiency and to lower administrative costs.

... a solution for associations that want to spend time with club activities and not with administration.

- ☑ Management of association-, clubs- and member data
- ☑ Committees- and special bodies-management
- ☑ Partner- and media -management
- ☑ Results- and activity-management, Best-of lists
